From what I have seen and heard, wearing of masks to protect others is not a priority in our city. My husband and I are both at extremely high risk. We had to isolate somewhat and take precautions even before the pandemic, but we were still able to go to stores, restaurants, etc. because we took precautions. | 81 | We have already done several things. We asked those in our church to reach out to 5 people (or more, friends, relatives, neighbors, co-workers, etc.) and check on them and see how they are doing and if there are any needs we can meet. It's kind of a grassroots initiative to see how people are doing. We also held a food drive for two Saturdays for the Oconomowoc Food Pantry. We held a donation drive for the Oconomowoc Food Pantry and the Lake Area Free Clinic that collected over \$4,000 for those organizations. We are collecting sanitization materials for the police department. phone). Creation of a program to encourage neighbors to connect. People are craving a sense of community and connectedness and this is the most I've ever spoken to my neighbors over the fence, so now is a great time to, as a block, try to get neighbors to check in on each other.

| 179 | It feels impossible to even think about coming together as a community. Seeing Barb Dietrich who lives in Oconomowoc constantly bash our governor is a huge part of the problem too. We need unity!!!! We need all elected officials in our area to stop their childish behavior and work together. We need our new mayor and ALL the aldermen and alderwomen to support our governor so people feel less divided. We need to see our leaders put their personal politics aside and start acting like one community. All the elected alder people should be encouraged to quit posting extreme things on their social media resisting safer at home orders. How can our community possibly come together when we have local elected officials posting all the time their awful rhetoric. These people are fueling the fire of the extremists. Encouraging people to sign petitions, protest, to not wear masks and bashing our governor at every chance they can get. Grow up!!! Be the bigger person and work together like they taught you in elementary school. I want to see this commuter and our new mayor immediately take a hard look at how you've been behaving. Do your current actions fuel the fire or bring us together! And for the love of God stop acting like whining children on social media. Our community is watching you and this isn't going unnoticed. | 5/11/2020 1:43 PM |

| 129 | Education on the true science, data, information from scientists, epidemiologists, doctors in and outside the community on why this Coronavirus Covid-19 is not as deadly as the media made it out to be. There is so much disinformation in our community that is causing unnecessary fear and hate to those who factually know Covid-19 is just this year's strain of the seasonal flu. The 6ft social distancing signs are a waste of money. It's not necessary outside even in groups. Masks cause a respiratory medical condition called Hypercapnia and they are not effective unless you are sick to protect other people from you. Educate on Herd Immunity. A vaccine is not required to obtain herd immunity. There is a lot of misinformation about children shedding the virus. Studies by the WHO have proved that children don't transmit covid-19 to adults. Report says not even a single case. I have printouts of all the above information. Schools never needed to be closed. It made the pandemic worse. All Kids programs need to start immediately! CDC can't be the only source of information. However you do need to search the CDC website in depth to get the real information and data. Notice the verbage CONSIDERING changing the guidelines on masks vs. Changing the guidelines. Guidelines and recommendations and rules by the CDC are suggestions and are optional and not legally binding. Social distancing and masks MUST be a choice for everyone including employees! | 5/11/2020 6:31 PM |

Encourage teens and their parents to do the right thing and stop hanging out with all your friends. My neighbors and I have seen hundreds of teens in our neighborhood hanging out over the past few months. Please, Oconomowoc Responds, keep us safe!!!! Wear masks when you yourself go out and publicize this. Posting photos of yourself without masks on social media as you go around talking to businesses makes you look like you don't care. | 22 | The local rules/guidance are what's most important to me | 5/17/2020 4:40 PM |
| 23 | I believe we are wrong by letting Supreme Court decide. They are in direct opposition to our current Governor thus overturning his rules. The voting in public was also ridiculous, and now we will be worse off. When quarantine began we had only a handful of cases in Waukesha Co. now we went from being in the 300's for weeks to over 467 in just a few days. What do you think will happen!!!! | 5/17/2020 4:25 PM |
| 24 | Mostly our government senior building, Parkland Commons, needs better ongoing attention as far as cleaning and listening to residents needs. | 5/17/2020 4:23 PM |
| 25 | Eliminate the fear tactics the government and community are using to limit our rights. | 5/17/2020 4:02 PM |
| 26 | Covid is serious so use sense. But live for God's sake. Quit telling others how to. You're not God. Responsibility. | 5/17/2020 4:02 PM |
| 27 | Use city website and local papers to keep public informed of problem areas as they arise. | 5/17/2020 3:47 PM |

| 29 | I am deeply concerned that we do not seem to realize how deadly this coronavirus is, and appear to becoming immune to concern about the great number of fatalities and long-term negative health impacts on survivors. I think we may open too soon or in a manner too undisciplined and prolong the pandemic and economic recession as a result. | 5/17/2020 3:14 PM |
| 30 | People need to wear masks | 5/17/2020 3:13 PM |
| 31 | Very concerned about the health of individuals in the community and our nation and how we can/will adapt. | 5/17/2020 3:11 PM |

| 35 | I hope we can keep the community safe while holding some local events and activities. I would like to see businesses open while embracing social distancing and utilizing protocols and guidance to keep us healthy | 5/17/2020 1:49 PM |
| 36 | Stopping the spread if people want to be free to make their own choices they still need to be required to respect the recommended guidelines when out in the community and do whatever they want in their own house and backyard | 5/17/2020 1:48 PM |
| 37 | I fear the continued spread of this. | 5/17/2020 1:33 PM |
| 38 | Most worried about citizens not staying home, wearing masks & not distancing in public | 5/17/2020 1:27 PM |
| 39 | Thanks for doing this | 5/15/2020 7:21 PM |
| 40 | More Virtual things | 5/15/2020 6:35 PM |
| 41 | Give businesses more clear mask/distancing rules. For instance, Pick n Save on Hwy 16 is one of them that is not good. One way aisles, and better control...they don't care. Oconomowoc can create some rules as other cities have. Without guidance, few do the right thing. Even as simple as not grabbing the door handle at the Post office. Masks and social distancing will allow all of us to move freely. If not, those who are concern and want to follow the rules are stuck inside and can't be downtown as the burden is on the individual who cares. | 5/15/2020 10:52 AM |
| 42 | Oconomowoc should implement safer at home and social distancing. Bars in particular should not be open. | 5/15/2020 9:06 AM |
| 43 | People following the rules. | 5/15/2020 7:59 AM |
| 44 | Getting back to "normal" is not just because I'm tired of being in my house, it's necessary for financial reasons and for the mental health of my kids who have struggled being isolated from friends and peers. | 5/15/2020 7:30 AM |
| 45 | I'd like to see our community not fight over who's for masks or not...etc. there is a real divide going on. There are people who are fearful and acting out of those fears. There are also those who want civil liberty and law to be abided by and to feel that our police are there to uphold those lawfully and to protect, assist and support us. | 5/14/2020 11:38 PM |
| 46 | NA | 5/14/2020 11:14 PM |

| 48 | . | 5/14/2020 10:20 PM |
| 49 | I'm concerned with the bars and restaurants already encouraging people to come in to their business without any social distancing. I think it is too soon and when things open up they must do so slowly and through guidelines set by science and government. | 5/14/2020 9:59 PM |
| 50 | Biggest concern is another Increased spike In the spread of the virus. | 5/14/2020 9:56 PM |
| 51 | There are establishments that I feel don't care about the safety of their employees or their customers. For as little as we have ventured out, we will no longer be frequenting them. They appear like this is some kind of joke and are not socially responsible or respectful. | 5/14/2020 8:39 PM |
| 52 | The biggest challenge will be to come to agreement as a community as to how to respond in a manner that protects the general health and welfare of all citizens. | 5/14/2020 8:21 PM |

| 53 | Biggest concern is that those unwilling to adopt changes in business and personal practices are going to reduce the chance we can safely reopen schools and day cares. Or that schools and day cares will have to impose more restrictive practices to compensate for those who refuse to make any changes. | 5/14/2020 8:10 PM |
| 54 | Thank you for organizing this survey and helping oconomowoc to move forward during this time. Science is the lead during this time. Let's be cautious as we move forward. Let us as a community not be lead by a few outspoken people | 5/14/2020 7:56 PM |
| 55 | i would like more people to listen to science and facts and not politicians that want to hold freedom rallies during a national health crisis | 5/14/2020 7:50 PM |
| 56 | ? | 5/14/2020 7:50 PM |
| 57 | Please pay attention to science. Not what politicians say. If we don't, this will be one of the saddest moments in American history. | 5/14/2020 7:41 PM |

| 61 | Would like to see free local testing for those with a city utility bill only for antigen and virus testing. | 5/14/2020 3:56 PM |
| 62 | We don't want fear to perpetuate in our community. We want our community to have confidence that the organizations care about them with out creating a divide. | 5/14/2020 2:45 PM |
| 63 | Being injured or ill (non-covid) at home and not having healthcare access | 5/14/2020 1:55 PM |
| 64 | Concerned that large gathering of people would not social distance and behave in a civilized manner. | 5/14/2020 1:47 PM |
| 65 | Concerns that the fallout of the closures will cause more harm and death than the virus ever could. | 5/14/2020 10:31 AM |

| 70 | I'm most concerned about a spike in cases as businesses reopen and social distancing is relaxed | 5/13/2020 7:34 PM |
| 71 | Greatest concern is that many people in Oconomowoc do not respect that others may want to venture out without THEIR lack of masks and social distancing endangering them. Two weeks ago I was inside a restaurant on Main Street to pick up an order and a man was drinking wine at the bar, no social distancing, only one mask besides mine and almost 20 people inside and sitting at tables outside. | 5/13/2020 3:07 PM |

| 73 | Our church is about 1,200 people. To our knowledge no one has had the virus. Most of the concern we are hearing from people is not related to health or the virus directly, but it is the financial impact of this and how long that is going to last and also the effects of isolation and lack of community interaction. | 5/13/2020 1:21 PM |

| 77 | Get ALL businesses reopened now! | 5/13/2020 10:40 AM |
| 78 | My greatest concern is protecting multiple vulnerable populations. While the elderly and immuno-compromised are important parts of our community, so are children who are NOT safer at home. I have a background in child protection. Child abuse (all kinds) and neglect thrive in isolation. Schools and well-checks at the doctor office are great points of contact to discovering and attempting to stop abuse. Yet, these are now gone. (It is good to see the mobile Lake Country Pediatricians still providing care to children and families.) Kids are not welcome in most places in public, except for going for a nature walk or walk around their neighborhood, where people are to be social distancing. The state of mental health and violence, which go hand in hand with child abuse are also concerning in these times. Domestic abuse calls are up during these times, but it's not surprising due to the stress of the situation. | 5/13/2020 9:40 AM |
| 79 | I know that many people in the community are wondering if the virus is here in Oconomowoc. How many people are infected, etc? There used to be a website with data, but it is not accessible anymore. I think this knowledge would help people make decisions in their daily lives and decide how to conduct themselves (masks, social distancing). I've seen many people not caring about their community... and instead complaining about individual rights and freedoms. That does not make for a stronger Oconomowoc. | 5/13/2020 8:05 AM |
| 80 | Business failures | 5/13/2020 5:50 AM |
| 81 | After so much time of being at home, one would think we should all now be safe. If someone needs to travel to high risk areas, they need to consider self- quarantining. | 5/13/2020 5:30 AM |

| 86 | Lift the quarantine | 5/12/2020 4:58 PM |
| 87 | I am concerned this has become a political issue not a major economical, health and mental health concern as this progresses forward. This leads to fear, misinformation and a breakdown of the community working together. | 5/12/2020 3:54 PM |
| 88 | Our greatest concern is in the ability to re-open, be able to socialize and gather in larger groups and experience the camaraderie of the OASC. We will need to rethink activities. | 5/12/2020 11:36 AM |
| 89 | Eager to have businesses and churches reopen. | 5/12/2020 10:43 AM |
| 90 | Greatest concern for OFA would be social distancing for volunteers and attendees and bringing artists from around the country to our community | 5/12/2020 10:42 AM |
| 91 | Worried about the negative impact the loss of popular events and activities will have on the community or impact the population and business community with job/business loss. | 5/12/2020 10:39 AM |
| 92 | not sure | 5/12/2020 10:25 AM |
| 93 | Due to this pandemic I have been closed for over 60 days. This has hit my bottom line very hard and whereas I have outstanding members I am concerned on the financial aspects of them returning. It will take me 6 months to get back up to speed and pay the bills I have accumulated over the last 2 months | 5/12/2020 9:48 AM |

than Dane county this last few weeks. But kids are driving around together and hanging out. I think if we don't take the distancing seriously our older population will suffer. And the hospitals will be overwhelmed.

| 99 | We need to get out gyms open again. Physical fitness is the greatest form of preventative medicine physically and mentally. For me that has been the biggest struggle besides being off of work for two months. I'm a competitive bodybuilder and for those like us we have lost a major component of our lives. The overwhelming majority of people that have died from covid have had underlying medical conditions such as heart disease, diabetes. These are all preventable with regular physical activity. Let us get moving again. | 5/12/2020 5:49 AM |

| 101 | I want to know why the social distancing is not being enforced in our city. Even the police were socializing with people and not wearing masks or being 6ft away. | 5/11/2020 11:22 PM |
| 102 | My greatest concern...that you're screwing over small businesses for a virus that has proven to be no worse than the other viruses we have everyear. | 5/11/2020 11:12 PM |
| 103 | Back to work ASAP | 5/11/2020 10:22 PM |

| 105 | I have none. Just get back to normal | 5/11/2020 9:38 PM |
| 106 | Your first and only responsibility is to protect the members of this community. There is not an "acceptable death rate". Clear communication of your decisions and justification for those decisions is paramount. If you are transparent, you can be adequately praised for your decision making. If not, you will be held accountable for your lack of transparency and malfeasance. | 5/11/2020 9:33 PM |
| 107 | Know that many citizens understand that no matter what you do someone will blame you for it. Not all of us are that short sided | 5/11/2020 9:24 PM |

| 113 | I fear that this will happen again and panic will set in. It doesn't have to be this way. | 5/11/2020 6:48 PM |
| 114 | Enough already! | 5/11/2020 6:42 PM |
| 115 | Greatest concern is how government is behaving in a socialist fashion. | 5/11/2020 6:39 PM |
| 116 | Everyone in Oconomowoc and the Community (all ages) need to get a copy of the US Constitution and Bill of Rights! This is an initiative that I would love to lead and organize to get donations to hand out to every family. Tell me how many and I will start the fund raising immediately! We can NEVER allow our US Constitutional Rights and Freedoms and Civil Liberties to be taken away from us again from a tyrannical Governor and government! We The People are the government of the USA & WI! This is what also needs to be on Q9 on the website. It would be highly beneficial to consider opening up some of the city parks/land to be used with dogs - either a dog park/off leash enclosed area or dogs on leash. | 5/11/2020 3:28 PM |
| 139 | The great concern is being lied to by the press and our Governor | 5/11/2020 3:22 PM |

| 149 | I don't understand why bars and liquor stores are open....even if just "take out" when more necessary places are closed. I don't see much "social distancing" taking place at those places. Grocery stores are out of hand sanitizes at their doors. Groups of people are gathering together | 5/11/2020 2:34 PM |

downtown....often at drinking establishments. Churches are closed and our children are getting short changed. A few establishments and businesses are getting rich while many are totally unable to work, and other businesses are forced to remain closed. I don't understand why Big Box Stores are allowed to remain open while small businesses have to close.

| 152 | I wish there was an easier place to visit with daily updates of community covid status. If there is one besides the western fire, I'm not aware of it. | 5/11/2020 2:28 PM |
| 153 | Greatest concern is that this outbreak was planned, political parties and world leaders are only concerned with power and money | 5/11/2020 2:20 PM |
| 154 | My greatest concerns in the city have been the large groups of teenage/young adults walking around. I'm doing my part and it's really, really hard. But just trying to walk on the weekends, it's evident that many young people are not taking this seriously. In fact, Kiltie had to shut down because of it. I don't know what can be done, but it's hard to make so many sacrifices on a personal level when the community around you keeps negating them. | 5/11/2020 2:16 PM |
| 155 | Just open the city. Ask the public to refrain from reporting social distancing 'violations'. Work with the businesses on opening in a logical and open manner. | 5/11/2020 2:11 PM |

| 158 | I really do hope someone reads my comments. The angry far right is loud in our community and they've turned this into a massive political attack on certain local and federal leaders as well as scientists. Please keep this bipartisan. Unite us. Know that there are many of us in this community that aren't protesting or signing petitions to illegally open up or commenting with any words on every social media post. We are the silent who are practicing our social responsibility of staying safe at home and wearing masks when out. We aren't having big parties or going to bars downtown. We will not be silenced. We want to see real leadership that supports all our leaders. We are not people living in fear but we are disappointed in our local law enforcement and some of our elected officials. | 5/11/2020 1:43 PM |
| 159 | Closed business are going broke! | 5/11/2020 1:25 PM |
| 160 | Oconomowoc is a great city. We love it. We dont want to see it die. Let the business all open back up. Open the parks up for our children. They need interaction. The need joy. They need fun. They mentally and socially need this. | 5/11/2020 1:16 PM |

| 163 | Maintaining our health and that of the community. Neighborhood front porch parties, sub division parades. | 5/11/2020 12:36 PM |
| 164 | My greatest concern is that Covid-19 will hit Oconomowoc and we won't be prepared. I see so many people blatantly disregarding the governor's orders to stay home, and the CDC recommendation to wear masks when outside the home. What can the task force do to educate those people about the continued need to flatten the curve? Rural areas like ours are spiking in cases all over the country. I want everyone to be on the same page here, and work to keep us protected. | 5/11/2020 12:32 PM |
| 165 | Elderly mother lives at Lake Terrace, independence living at Shorehaven complex. We can't go in & she shouldn't come out. Waiting for warm weather to sit outside safely with her. She is very depressed. My main concern is for her. She doesn't do technology. | 5/11/2020 12:14 PM |
| 166 | It's such a difficult time. People are unfortunately misplacing their fear and anxiety as anger, name calling and politicizing this pandemic. It's hard to be okay with "there are no answers" as the answers you get. This is new. We don't know everything. Prior to this, we were already quite divided as a nation/state/county/city. I hope that when we are through this, we can put our differences aside and truly cone together. Look at all we have taken for granted that we are missing right now. But also, look at what we have a newer, deeper appreciation for. Let's build on that and work together. | 5/11/2020 12:04 PM |

| 168 | I am concerned when I see so many people walking around Fowler Lake without masks. It is also difficult to distance with a crowd and narrow sidewalks. It scares me that so many don't believe the virus is in our area and that everything should just be open. | 5/11/2020 11:59 AM |

| 180 | For goodness sake, please reopen the playgrounds!! Our children and grandchildren need to play outside. Parents and grandparents are fully capable of monitoring their little ones' social distancing. | 5/11/2020 11:03 AM |
| 181 | I receive emails and see news reports that corporations have guidelines that our stores are not following. I have compromised lungs and am very careful not to enter any crowd. I drive through the downtown area and I see people congregating on the Village Green, along the sidewalks, in front of restaurants and they are not social distancing. | 5/11/2020 10:46 AM |

| 185 | I have been frustrated by the inconsistency with which the safer at home restrictions have been enforced in town. The playgrounds are closed but I drove past a business downtown recently and a congregation of 30 or so people were milling around the sidewalk picking up to go orders. There was no social distancing being applied. This inconsistency is unfair to children/families. | 5/11/2020 10:36 AM |
| 186 | The free lunches and breakfast have been SO helpful during all of this! Ive lost my job and not worrying about feeding my kids has helped my stress a ton. | 5/11/2020 10:36 AM |
| 187 | There's a good number of the population who believes that their wants are greater than the community's needs. Because of this, you see them out without masks... A perfect example would be a restaurant in downtown Oconomowoc that was doing a walk up bar while people were waiting for their order. The problem with this is that people are not social distancing as they stand there. Everybody misses being able to go out and enjoy life as it was. People who go ahead and bend the rules are being selfish and impacting those who are at home with children trying to do our part. | 5/11/2020 10:36 AM |
| 188 | My concern is that they don't open to fast! | 5/11/2020 10:29 AM |

| 72 | That we don't have to live in fear. Take responsible precautions, but when the time is right to come together as a community. My heart aches to see some of the festivals already cancelled for later in the summer. Organize a walk/run to benefit the community this fall. Maybe stagger the starting groups so all are not bunched together. Just a thought. I would like to see something that really highlights and benefits our local businesses when they are allowed to open. Walmart, Fleet Farm, Menard's, Pick 'N Save, Piggly Wiggly, etc. are all doing very well. The parking lots are always full. I'd like to see something really encourage people to shop at the local stores and restaurants and get them back on their feet. Help the local shop and restaurant owners in our community. | 5/13/2020 1:21 PM |

| 83 | Close the downtown streets to traffic one night a week to allow greater social distancing. More restaurants could bring out outdoor seating. Perhaps seating could be provided on the greens, and then place orders by phone to be delivered to whatever table number you have. The downtown restaurants could come together to help with this. It would be a drop off service. | 5/13/2020 5:30 AM |

I would like see those businesses who are still thriving support those organizations who are struggling or are able to help them provide the needed services to help families be healthy and not live in fear. A food drive and a emotional support drive in the way of donations for mental health would be great. A way for families that have proven need to get utility bills waived through our Oconomowoc Utilities or other assistance. Also childcare, respite for those families with kids with special needs so caretakers can focus on self care and to work or find employment. | 5/12/2020 3:54 PM |

| 153 | get the farmers market up and running again, safely. | 5/11/2020 3:38 PM |
| 154 | We can still celebrate major city events and holidays in the coming months, but in a quarantine way. Moonlit Movies, Festival of the Arts, Fourth of July. Maybe we could hold a drive in style movie in a large parking lot (you'd have to stay in your car of course - there actually is an old drive in on Hwy 18). We could decorate the trees with wraps around the trunk like normal for Festival of the Arts but maybe this year people could make their own decorations to put on a tree in their own yard. Or they could get a yard sign to color in. Fourth of July for me is about fireworks, but you'd have to figure out a way to safely distance yourself. Other activities that I'll miss: boating on the lake, swimming (many people use City Beach), kayaking (it'd be great to pair up with Sherpers, other businesses that rent kayaks to get them set up right on the water -- so people can rent easily with minimal handling/movement of kayaks. | 5/11/2020 3:28 PM |
